Page Numbering - Page numbers appear in the upper right hand corner of the page. Pages are numbered sequentially and from time to time new pages may be added to the tariff. When a new page is added between existing pages, a decimal is added to the preceding page number. For example, a new page added between Page Nos. 3 and 4 would be numbered 3.1.

Explanation of Symbols - When changes are made in any tariff page, a revised page will be issued canceling the tariff page affected. Changes will be identified on the revised page(s) through the use of the following symbols:

- (C) - to signify changed regulation.
- (D) - to signify discontinued rate, regulation, or text.
- (I) - to signify increased rates.
- (M) - to signify material relocated from one page to another without change.
- (N) - to signify new rate, regulation, or text.
- (R) - to signify reduced rate.
- (S) - to signify reissued material.
- (T) - to signify a change in text, but no change in rate or regulation.
- (Z) - to signify a correction.

In addition to symbols for changes, each changed provision in the tariff shall contain a vertical line in the right hand margin of the page which clearly shows the exact number of lines being changed.

Access Line - One of several types of circuits used to carry long distance calls all or part way between customer premises and long distance company switches. When calls are originated or received over customers' regular local lines or over customers' special WATS Access Lines, long distance companies buy Feature Group access lines to carry calls between their switch or POP and the local telephone company switch. Customers may originate or receive calls over special dedicated access lines directly from the customer premises to the long distance company's POP.

Accounting Code - A number, usually two, three or four-digits, entered when dialing a telephone call that tells a long distance company to allocate and subtotal the call to a particular subaccount. Calls are listed and summarized by account code on Customers' monthly bill.

Answer Supervision - An electrical signal fed back up the line by the local telephone company at the distant end of a long distance call to indicate positively that the call has been answered by the called telephone. Activates the billing equipment to start timing calls completed over FGB or FGD access trunks at the distant end.

Authorization Code - A number, usually ten or fourteen digits, entered using a tone telephone to identify the caller as a customer of the long distance service. Used primarily to verify the caller as a customer and to bill calls.

Authorized User - A person, firm, corporation or any other entity authorized by the Customer to communicate, utilizing the Carrier's service.

AUG 13 1997

Subscriber - The person, firm, partnership, corporation, or other entity who designates the company as its primary Interexchange carrier (PIC) for long distance telecommunications service. Thus, the Subscriber has a pre-existing business arrangement with the Company and is also a customer.

V & H Coordinates - Geographic points which define the originating and terminating points of a call in mathematical terms so that the airline mileage of the call may be determined. Call mileage is used for the purpose of rating calls.

10XXX - Available only to Equal Access customers. To send calls over a carrier other than the one that would automatically get the customer's "1+" calls, the customer dials "10XXX/101XXXX" then "1+" the long distance number. "XXX/XXXX" is the three/four digit Carrier Identification Code of the carrier the customer wants to use. (N)

Wide Area Telecommunications Service (WATS) - AT&T's name for their original first generation long distance service. Either In-WATS (800 number) inward dialing from any phone in a specified geographical area, or Outward (OutWats) dialing to any phone in a specified area from one specific telephone. (N)

CCC's services and facilities are furnished for communications originating at specified points within the State of Missouri under the terms of this tariff.

CCC installs, operates and maintains the communications services provided herein in accordance with the terms and conditions set forth under this tariff. CCC may act as the Customer's Agent for ordering access connection facilities provided by other carriers or entities, when authorized by the Customer, to allow connection of a Customer's location to the network. The Customer shall be responsible for all charges due for such a service arrangement.

CCC's services and facilities are provided on a monthly basis unless otherwise stated, and are available twenty-four (24) hours per day, seven (7) days per week.

(D) All facilities provided under this tariff are directly controlled by CCC and the Customer may not transfer or assign the use of service or facilities without the express written consent of Carrier. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.

(E) Prior written permission from Carrier is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.

(F) For any telephone number which accesses VTI's service on a per call basis via the Company's Carrier Access Code ("CAC") for 1+ calling and is subscribed to a service listed in this tariff for which the customer is required to be entered into the VTI billing database prior to use, VTI reserves the right to remove the telephone number from the billing database in the event that a period of ninety (90) consecutive days passes during which the telephone number does not access VTI's service via a CAC(s). In the event that a customer is removed from the VTI billing database, upon next use of VTI's service, the customer's VTI service will be the current default service (i.e., the service listed in this tariff that does not require the customer to be entered into the VTI billing database prior to use). The customer will be billed automatically for this use according to the terms of the current default service.

2.5 Payment for Service and Service Dispute Resolution

2.5.1 Payment for Service

All charges due by the Customer are payable to any agency duly authorized to receive such payments. The billing agency may be a local exchange telephone company, credit card company, or other billing service. The terms and conditions for billing, payment and collection, including without limitation, any late payment charge, specified in the Local Exchange Carrier's local exchange service tariff shall apply to charges of Carrier when the Local Exchange Company serves as the billing agent for Carrier or buys Carrier's accounts receivables. Terms of payment shall be according to the rules and regulations of the agency and subject to the rules of regulatory agencies, such as the Commission. Any objections to billed charges must be promptly reported to Carrier's billing agent.

CCC has the right to refuse telephone service to any premises and at any time to discontinue telephone service, if it finds it necessary to do so to protect itself against intentional abuse. Intentional abuse of service includes, without limiting the generality of the foregoing, the use of service or facilities of Carrier to transmit a message or to locate a person or otherwise to give or obtain information, without payment of a message toll charge or an exchange service charge.

Another form of such abuse is an intentional uninterrupted connection of one exchange station to another station, excluding those connections charged on an elapsed time basis, which permits the use of the facilities in a manner similar to private line service. It also includes intentional receiver off-hook conditions.

3.0 DESCRIPTION OF SERVICES

MAR 20 1996

3.1 General

MISSOURI
Public Service Commission

3.1.1 Introduction

The Carrier endeavors to provide high quality service by reselling facilities-based interexchange (IXC) carrier services including, but not limited to, access, switching, transport, termination and other services for the direct transmission and reception of voice, data and other types of communications. Service is available twenty-four (24) hours per day, seven (7) days a week, subject to routine maintenance and outages beyond the control of the Carrier. Carrier's switching equipment is designed and engineered to provide high quality transmission of voice and data with a minimum level of impairment such as noise and echo. However, overall quality may vary somewhat due to the variability in quality of the connections provided by the local telephone companies and other Interexchange carriers.

3.1.2 Timing of Calls

(A) LDMTS charges are based on the actual conversation time transpiring on CCC's network. No charge will generally apply to uncompleted calls, which include "ring busy" and "ring no answer calls," and such uncompleted calls will not be knowingly charged to the Customer and, if charged in error, will be refundable to the Customer. In LEC service areas where Soft Answer Supervision must be utilized, rather than Hard Answer Supervision, and the Customer fails to hang up when receiving a busy signal or "ring no answer call" for an excessive period of time, the Customer may be charged as if the call were completed. CCC will determine that a call has been established by utilizing Hard Answer Supervision, where available, from the local telephone company or underlying carrier.

3.1.5 Special Promotions

The Carrier may from time to time engage in special promotional service offerings which may be limited to certain dates, times and/or locations. These promotions are designed to attract new customers and/or increase customer awareness of particular service offerings. Customers must subscribe to specific promotions within the given time period as stated in the promotional offer. Any ANI disconnected and then reconnected from VarTec's service for purposes of subscribing to the special promotion may not be eligible. After the initial subscription to a promotion, if no outbound usage is generated by an ANI within the specified time period as stated in the promotional offering, the customer may not receive benefits from the promotion. The promotions may contain special terms and conditions, including but not limited to, usage rates and charges. Such special terms and conditions will be in lieu of those terms, conditions, rates and charges outlined in Sections 3 and 4 of this Tariff. VarTec will notify the Commission of special promotional offerings in accordance with the rules and regulations established by the Commission.

3.1.6 Travel Card Availability

The VarTec Travel Card products identified throughout this tariff are only available to existing Customers who subscribed to a Travel Card product prior to July 1, 2004. CCC's Basic One Plus Service (non-operator assisted, direct dial) is intended for residential and small business Customers for calling within the State of Missouri. Customers access CCC via Equal Access FGD circuits and/or other Switched Access Services. Customers access CCC's Basic One Plus Service by dialing 1 + (area code when necessary) + NXX-XXXX if they have selected CCC as their primary interexchange carrier. When CCC is not the presubscribed interexchange carrier, Customers can access this service by dialing 10XXX + 1 + area code (if required) + NXX-XXXX. Calls are routed over Carrier's transmission and switching facilities to any valid NPA-NXX. Rates and charges for CCC's Basic One Plus Service are set forth in Section 4.2.1 following. Calls are rated based on mileage, time of day and call duration.

(T)

3.2.2 Basic Travel Card Service

CCC's Basic Travel Card Service is intended for residential and small business Customers to make calls from any non-rotary dialed telephone within Missouri to any other location within Missouri by dialing 1 + 800 + NXX + XXXX, receiving a prompting tone, then entering the Customer's personal identification number (PIN) assigned by CCC followed by the telephone number of the called party. Customers of this service should have CCC as their primary interexchange carrier. Rates and charges for CCC's Basic Travel Card Service are set forth in Section 4.2.2 following. Calls are rated based on call duration.

3.2.3 800 Service

CCC's 800 Service is available twenty-four hours per day, seven days per week. Service is provided by CCC's underlying carriers. Incoming calls from the CCC network terminate at the Customer premises via special access or business termination lines. Rates and charges for CCC's 800 Service are set forth in Section 4.2.3 following.

3.2.4 Directory Assistance Service

Directory Assistance Service is provided to assist Customers in obtaining telephone numbers. Customers can access Directory Assistance Service by dialing 1 + area code + 555-1212. Rates and charges for CCC's Directory Assistance Service are set forth in Section 4.2.4 following.

3.2.5 Basic 800 Select Service

CCC's Basic 800 Select Service permits Customers to make calls from any non-rotary dialed telephone within Missouri to other locations within Missouri by dialing 1 + 800 + NXX-XXXX, receiving a prompting tone, then entering a personal identification number (PIN) assigned by CCC. The call is then routed to a single destination (terminating ANI) which is pre-programmed by CCC and designated by the Customer. Rates and charges for CCC's Basic 800 Select Service are set forth in Section 4.2.5 following. Calls are rated based on call duration.

3.2.6 Operator Services

CCC's Operator Services are intended for use by residential customers for calling within the State of Missouri from their home telephones. Customers may access Operator Services from their home telephones by dialing 00 to access a live or automated operator if they have selected CCC as the primary interLATA interexchange carrier for the calling station, or Customers may dial 10-1X-XXX + 00 to access a live or automated operator when CCC is not the presubscribed interexchange carrier for the calling station.

Calls are rated based on operator type (i.e., live or automated), call duration and time of day. Per call surcharges based on calling and billing options also apply.

Chargeable time begins when a network connection is established between the calling station and the called station. Chargeable time ends when either party disconnects the call thereby releasing the network connection.

Chargeable time for collect calls and Person-to-Person calls differs from the definition above and is applied as follows:

For collect calls, chargeable time begins when the called party accepts responsibility for payment of the charges associated with the call. For Person-to-Person calls, chargeable time begins when a network connection is established between the calling party and the requested party.

Rates and charges for CCC's Operator Services are set forth in Section 4.2.7 following.
